POST-HC | PSYCHEDELIC | ORIENTAL | STONER | DOOM

With pulsating fluidity, hypnotic pull and a wrecking ball of sound, ZHAAT present their debut „*Other Prophets*“ – eight tracks that hit like a storm. Raw, wild, relentless! What the four-piece from Leipzig summon here, they call Psycho Stoner. “We want energy – pure energy!”

Soundscapes condense into atmospheric peaks, oriental scales haunt the mix with alchemical intent – until thunderous walls of sound and ecstatic force-screams tear the ground from under your feet. What we're hearing is a quake on all levels – controlled chaos, forged from stoner, doom, math and a healthy dose of madness.

The record was mixed by *Coogans Bluff* drummer *Charlie Paschen* (charliesstudio.de), who shaped its multilayered character with just the right balance of finesse and punch. Final mastering was done by *Willi Dammeier* of the Institut für Wohlklangforschung (wohlklangforschung.de), known for his work with acts like *Rotor* and *Colour Haze*. The 12" vinyl was pressed at *Randmuzik* in Leipzig (randmuzik.de). Artwork by *Nick Putzmann* (überschmiede.de), featuring an illustration by *Wilhelm Frederking* (wilhelmfrederking.com).

„*Other Prophets*“ will be released in fall 2025 on the Berlin-based label *NOISOLUTION*. If you're ready to surrender to the cathartic rush, don't wait too long: The Album is available as a limited 12" vinyl first edition (500 copies, incl. download link) and CD – get it at <https://www.noisolution.de/shop>. 🇩🇪
